MiHCM

HO Switch Building, 3rd Floor

Dear Hiring Manager,

I am writing to express my strong interest in the Senior Tech Lead Software Engineering position at MiHCM. As a highly motivated and experienced software engineer with a solid background in software design and development principles, I am confident that I would be an excellent fit for this role.

With a strong foundation in web application development, RESTful API integration, and designing intuitive user interfaces, I possess the skills and expertise required to excel in this position. My experience in backend development, delivering scalable and efficient software solutions, and my commitment to staying at the forefront of technological advancements, make me an ideal candidate for this role. I am well-versed in a range of technologies, including HTML/CSS/Bootstrap, React/Next.js, Angular, Java, Node.js/Express.js, Git/GitHub, MongoDB/MySQL, and Machine Learning. Additionally, I have experience with Azure App Service, Docker, and CI/CD pipelines, which aligns with the job requirements.

As a Bachelor of Information and Communication Technology (BICT) student specializing in Software Technology and AI/ML analysis, I have developed a strong understanding of software design documents, testing, and debugging. My experience in building responsive applications, such

as a blog application with Angular, Firebase, and Bootstrap, and a heart disease prediction application with Flask and a intuitive UI, demonstrates my ability to design and develop software applications that meet user requirements. I am excited about the opportunity to bring my skills and experience to MiHCM and contribute to the development of high-quality software applications.

I am particularly drawn to MiHCM's commitment to innovation and excellence in software engineering. I am impressed by the company's use of distributed cloud-based environments, such as AWS, Azure, and GCE, and its emphasis on continuous integration and delivery pipelines. I am confident that my skills and experience make me a strong fit for this role, and I am excited about the opportunity to work with a talented team of software engineers who share my passion for innovation and excellence.

Thank you for considering my application. I would welcome the opportunity to discuss my qualifications further and explain in greater detail why I am the ideal candidate for this role. Please do not hesitate to contact me at +94 77 496 6943 or nuwanpsubasinghe85@gmail.com.

Sincerely,

Nuwan Subhasingha
